Dear President Lisa,

My name is Isaac. I am 3 Years-old. I have been waiting for a long time to share my stories with you. I know 16 stories. I also know how to make a lemon battery. I want to share my 16 stories with you

because these stories are like different chapters of my book--which I titled : **Isaac's Lemon Battery for President Lisa. (he he he)**

The Chapter # 1 is like Ice-breaker. There are four items in it: algebra, geometry, physics and the periodic table. I'm sure I can use it as a warm up to remove my

nervousness--especially in the beginning.

Chapter # 2 consist of 16 stories--starting with the Atom and ending with the lemon battery. I've scripted all the stories according to our imaginary conversation.(he he he)

Chapter # 3 is consist of a few pictures showing me buying things for the lemon battery.

Isaac is eagerly waiting to share his stories with you, President Lisa.

Yours

Isaac
